Miss Frances A. Cameron, 44 years old, probably the oldest teacher in the county, died suddenly this morning at 3:30 o'clock at her home in North Union township, near Bethelboro.

Miss Cameron had been afflicted with heart trouble for some time past and was unable to continue her teaching and apparently was in her usual health on retiring last night. She was taken very suddenly and died a short time afterwards.

Miss Cameron was born in Uniontown January 12, 1854, a daughter of late George W. and Jennie Cameron. When she was a small child or parents moved to a farm in North Union township. Miss Cameron and her mother moved to the family residence to reside there following the death of her father.

The deceased was a devout member of the Wakefield Methodist Episcopal chapel near Bethelboro and while in Connellsville she attended the First Methodist Episcopal Church. She was a woman of true Christian character and was loved and respected by her pupils as well as her many other friends in the community. She is survived by four sisters, Mrs. L. R. Murray of Pittsburgh; Mrs. Mary Rankin of North Union township; Misses Ida and Elizabeth Cameron and two brothers, Horace and Howard Cameron, all at home.

Miss Cameron attended school in North Union township between the years of 1869 and 1876. Following her common school education she attended the California State Normal School in 1877 and 1878. She also attended various summer schools and spent some special work in teaching at California Normal. She was granted a permanent teachers' certificate on August 30, 1894. She taught her first three years of school in North Union township. Then she came to Connellsville where her efforts had been extended ever since. She had been elected for next term and it is probable that she would have been her last as she was expected to teach "just one more term."

For the past 15 years Miss Cameron has been instructor in Grade No. 1, the Third Ward School. She was favorite with her pupils and their parents. In some instances she had taught three generations of one family, an instance of this coming to light a few years ago when a parent desired to have a child in the Fourth Ward street attend the Third Ward in order that Miss Cameron might be the teacher, remarking that the parents of grandparents had been in classes under her.

Eligible to retirement on a pension of \$200 a year, Miss Cameron refused to take advantage of the opportunity and so she continued her school duties until she refused to give them up.

Three years ago the old high school building, now used for Fourth Ward grade students, was named the Frances Cameron School by action of the board of education in honor of the veteran teacher.

The funeral services will be held Saturday afternoon at 2 o'clock at the family home with Rev. R. S. Hardin, Dunbar and Rev. Dr. Bennett W. Hutchinson of Connellsville officiating.

**LOVER SLAYER OF
MRS. AARON WOOTEN,
CLAIM OF DEFENSE**

Not Aaron Wooten, but Fred Spearman, who came into their life soon after marriage and broke up their home, killed Mrs. Wooten at their home at South Brownsville April 18, last, according to the defense as outlined this morning at its opening in court in Uniontown. Strength is lent the claim by testimony of a commonwealth witness who testified to seeing a man running from the home following the shooting. The defense will attempt to prove this man was Spearman, whose home is at Allison.

The Commonwealth closed its case last yesterday. All the principals are colored.

In a sealed verdict returned this morning Charles Johnson, colored, alias Sid Hatfield, of the Mazon town region, was found guilty of carrying concealed weapons and sentenced to a fine of \$75 and blue months in the workhouse. On charge of surety of the peace the defendant was assessed the costs, prison sentence being held in abeyance.

Bruno Pietro of Perry township entered a plea of guilty to charges of violating the liquor laws before Judge E. H. Reppert and was sentenced to pay the costs, a fine of \$250 and serve three months in the county jail.

The case was prosecuted by William J. White, a member of the state constabulary. Pietro was charged with illegal possession of a still, manufacture and sale of liquor.

OF PUBLIC IN COAL
STRIKE, SENATE TOLD**

By Associated Press.
WASHINGTON, June 8.—The coal strike was brought into a Senate debate today by Senator Walsh, Democrat, Massachusetts, who declared there "is a limit to the patience of our people" and that "extortion is going on with apparent governmental approval."

"Whether operators or miners are responsible for prevailing conditions," Senator Walsh said, "the general public will begin to care less and less and will come to the inevitable conclusion that the coal business is so organized that it is no longer being conducted on motives of greed and profit."

"The public is going to demand," he said, "that motives of service be superior to motives of profit and that the chief trouble today in the bituminous situation is that motives of operators are not merely motives of future profits but motives of extortion and immediate gain."

"The public is tired of operators associating themselves to insure profit and liberators associating themselves to insure good wages. What the public will demand if this condition continues is a new system in the conduct of this business."

**BOSTON RED SOX
HERE JULY 8; JACK
QUINN TO PITCH**

A native son who has made good in the major league ball leagues and who seems to be going stronger than ever this year in spite of the fact that he was reported to be going back, will be seen in action at Fayette Field soon under a contract now being closed by the management of the Connellsville Independents with the Boston Red Sox. Jack Quinn, a Dunbar boy who up until this year has been with the New York Yankees, is bringing victories to the Red Sox this year and he will work the greater part of the game here on July 8.

The game with the Boston team was arranged following receipt of a telegram from the Detroit Americans that the outfit were unable to fill its engagement here on July 6. No reason was stated by Detroit.

The Red Sox demanded \$1,500 guarantee but the team finally agreed on a \$1,200 with the privilege of 60 per cent of the gross receipts and a rate guarantee of \$400.

Other conditions are that all players on the local team be in good standing in organized baseball and that a list of players be furnished two weeks before the date of the game.

Boston will play in Washington on July 2 and 4. The trip here will be sandwiched in between, provided it does not rain in Washington on July 2 in which event the team will necessarily have to remain there and play a postponed game on Monday, July 3.

The letter from the Boston secretary was received this morning and a reply made at once. The only stipulation of the Coker management is that Quinn pitch the major portion of the contest. He has hundreds of old friends and admirers in this section who will want to see him on the mound again. His last appearance in this region was at the Dunbar Old Home Week several years ago when he was allowed to return home and pitch a game on the old back lot.

The game with the Tyler Tubs team, scheduled for June 17 has been changed to July 22 and in place of the Tubs will be the Pittsburgh All Stars, scheduled for last week, but who were unable to appear on account of rain.

But there is more to any about this remarkable remedy—something that will interest thousands of dependent people.

Dare's Mentha Pepsin not only quickly relieves stomach distress, but it conquers stubborn indigestion and puts an end to dizziness, nervousness, headache, sleeplessness and despondency which so nearly always caused by chronic stomach disturbance.

Dare's Mentha Pepsin is pleasant to take, has a delightfully refreshing taste and after it has put your stomach in a clean and healthy condition, just notice how much better you look and feel, for besides correcting stomach disorders, this supremely good remedy that Connellsville Drug Co. and druggists everywhere guarantee, is a fine tonic that builds you up, and makes you work with vim, eat with relish and sleep soundly. A large bottle for \$1.00.—Advertisement.

FACE DISFIGURED CUTICURA HEALS

Pimples Itched and Burned Dreadfully, Lost Sleep.

"My face was broken out with pimples that were hard, large and red. They itched over and itched and burned dreadfully, and I lost many hours of sleep. My face was disfigured for the time being. I tried all sorts of remedies but without success. I began using Cuticura Soap and Ointment and the pimples began to disappear, and after using four boxes of Cuticura Soap and three boxes of Cuticura Ointment I was completely cured. THURSDAY EYE, JUNE 8, 1932.

POSTING GET-TOGETHER.

The Kiwanis Club of Connelville, the permanent organization of which was completed last night is not, as some persons might suppose, a competitor or rival of the Chamber of Commerce. Instead, it might properly be termed a first aid to that organization inasmuch as its object is to produce the material welfare of its members and the community. It will therefore fill the office of organized booster for the chamber and all other instrumentalities and agencies devoted to giving Connelville an important place on the map.

Occupying a somewhat different, and perhaps somewhat more intimate, relation to its members the Kiwanis Club will have certain facilities for acquiring information on matters relating to the business and industrial situation and needs of Connelville than the chamber itself. This information will doubtless be made available to the chamber to be reduced to the form of suggestions or recommendations which will be helpful to the larger purposes of the chamber. In this sense the club will be able to serve as a very useful adjunct to the larger organization.

A prime purpose of the club being to foster the get-together spirit between its members, practically all of whom are also members of the Chamber of Commerce, the club should do much toward infusing the same spirit into the chamber. If the club succeeds in doing no more than this it will have fully justified its organization.

REQUIREMENTS OF DEPUTIES.

Several unfortunate incidents have occurred during the progress of the strike in the coke region when deputies have so conducted themselves as to result in informations being made against them for alleged assault and battery or similar charges. These incidents have not resulted from lack of explicit instructions and orders of Sheriff Shaw for the government and regulation of his subordinate officers in all emergencies. They have more frequently resulted from the failure of deputies to exercise coolness and good judgment in the discharge of their duties.

In the present situation in the county the peace officers should set an example in discretion, self-restraint and other qualities which will have an influence for good upon every resident and citizen and inspire a respect for the law instead of provoking disregard of it.

While several overt acts, and rather general intimidation of men desiring to work, have been committed in various sections of the region, for which the strikers rightly or wrongly must bear the blame, the present strike has been much more from violence and disorder than others in recent years. This is in part due to the injunctions of the organizers that the men refrain from unlawful acts, but it is perhaps due in larger part to the effective work of Sheriff Shaw and his deputies and the State Police.

The maintenance of the record made thus far, or an improvement upon it, is in every way to be desired. It is, therefore, imperatively necessary that all persons serving as deputies who are not fully qualified to perform that rather disagreeable duty with prudence and good judgment should be quickly relieved. It is just as necessary to protect the strikers from provocations to infractions of the law as it is to protect the people and property from disorder or violence. Indiscretions or plain benevolence on the part of deputies has the effect of encouraging the more radical element among the strikers to a course of conduct which might not be entered upon if all deputies were as levelheaded as the members of the State Police must prove themselves to be in order to retain their places on the force. This may be an exacting requirement of deputies but it should be an essential qualification in order to preserve that degree of good order the public is demanding shall prevail throughout the duration of the strike.

Just Folks

Edgar A. Guest.

GOT UP EARLY YESTERDAY.

Got up early yesterday.
Long before the rich were out
Or the workmen were about,
Or the children up to play,
Went into the garden, where
I could only stand and stare,
Dazzled by the beauty which
Made the wisest blossom fair.Still the dew was hanging low,
Brighter than the rarest gems
In a lady's diadem.
Every green blade was aglow
With the jewels of the dawn,
And I looked upon my lawn
And my flower beds and trees
In amazement, if you please.'Twas a sight too fair for words,
Here was beauty, fresh and new,
With the sun just breaching through
To the music of the birds.
And I thought of all the men
And the women sleeping then,
While their shadows still tightly drawn
To the splendor of the dawn.Some perhaps may live and die
And not know and never see
Just how fair the world can be
With the orrisen in the sky
And the day just begun.
But tomorrow with the sun
I shall rise again to share
Every lovely jewel that

JOHN NEEL ANSWERS CALL

Special to The Courier
MOUNT PLEASANT, June 8.—One of the prettiest weddings witnessed here was that of Miss Ola Stonor, daughter of Mr. and Mrs. D. H. Stonor, and Morris Pigman, son of Mrs. Margaret Pigman, solemnized at the Re-Union Presbyterian Church last evening by Rev. J. E. Hartman, the pastor, who used the ring ceremony. Miss Ruth Byers played the wedding march and Miss Sara Horner was the soloist. The brides attendants were Mrs. Artie Donahoe, Stevenson and Mrs. Elizabeth Dandoe, King of New Kensington. Mr. Pigman's best man was his brother, Jay. The ushers were Mr. Fred King of New Kensington and Seelye Pigman. The church was handsomely decorated in ferns and palms and cut flowers.

Following the ceremony at the church a reception and dinner were given at the home of the bride in College avenue. Covers were laid at the bride's table for 14. The decorations were carried out in pink and lavender. After the reception Mr. and Mrs. Pigman left on a wedding trip and on their return will reside in Walnut street.

The bride is a graduate of Indiana Normal and has been a teacher here for some time. Mr. Pigman is a graduate of the University of Pittsburgh and is employed by the Citizens Savings & Trust Company.

Dr. Carey's famous Prescription No. 777 (Liquid or Tablets) is not recommended for everything, but we cannot too strongly urge its use if you suffer from annoying bladder troubles, frequent passing of water night and day, with smearing or irritation, brick dust sediment or highly colored urine, bloating, irritability with loss of flesh, backache, rheumatism or any other tendency to Bright's Disease, Diabetes or Gravel for kidney disease in its worst form may be stalling upon you.

Don't wait until tomorrow to begin the use of this wonderful prescription if you have any of the above symptoms. Kidney and Bladder troubles don't wear away slowly. They will grow upon you slowly, stealthily and with unfailing certainty. Never mind the failures of the past if you even suspect that you are subject to kidney disease. Don't lose a single day for Connellsville Drug Co., C. Roy Hotel and every good druggist has been authorized to return the purchase money on the first bottle to all who state they have received no benefit.—Advertisement.

CONNELLSVILLE SHOWS UP WELL IN THE FINAL MONTH

The compilation of attendance figures for the final month of the term in the Connellsville public schools shows the excellent percentage of attendance of 97.62, the highest reached at any time during the 1931-32 term. The High School, the South Side, Second and Third wards and the Cameron schools all had a percentage of 98 and the Crawford School had 97. The mark there was brought down in the closing days by the outbreak of the unnamed malady in G. Conwood, a number of families being quarantined for measles because of the rash, which accompanied the illness.

During the month there were 2,823 students enrolled just 100 more than for the corresponding month last term. There were 116 different pupils tardy, a total of 132 (times in the month) out of a possible number of 137,182 sessions.

During the month 3,056 sessions were legally missed by students and 219 were absent through parental neglect. Twenty-five were absent through truancy. The report for the year shows a percentage of attendance of 95.2. During the year 800 students were tardy a total of 1,917 times indicating the tardy marks were made by students who had a habit of arriving late.

Students who were legally absent a total of 43,978 sessions and 2,311 were absent through parental neglect. Sixty-seven sessions of illegal employment were reported during the year. A total of 266 sessions were missed in the term because of truancy. Notices were served on parents of children who had been absent all the legal number of times allowed totaling 79. There were 14 arrests and 11 convictions for violations of the compulsory school law.

Three students charged with incorrigibility were sent to reform schools during the year.

ACID STOMACH IS DANGEROUS

Suffers From Indigestion or Stomach Trouble.
CUT THIS OUT.

"Stomach trouble, dyspepsia, indigestion, sourness, gas, heartburn, food fermentation, etc., are causes nine times in ten by chronic 'acid stomach' says a well known authority. Burning hydrochloric acid develops in the stomach, and it is this acid that irritates and inflames the delicate stomach lining and often leads to gastritis accompanied by dangerous stomach ulcers. Don't dose an acid stomach with pepsin or artificial digestants that only give temporary relief from pain by driving the sour fermenting food out of the stomach into the intestines."

Instantly neutralize or sweeten your acid stomach after meals with a little hot water and Disrupted Magnesia and you will find the pain vanishes but your meals will digest naturally. There is nothing better than Disrupted Magnesia. It works up the harmful excess acid much as a sponge or blotting paper might and your stomach acts and feels fine in just a few minutes. Disrupted Magnesia can be obtained from any reliable druggist in either powder or tablet form. It is safe, reliable, and pleasant to use, is not laxative, and is not at all expensive.—Advertisement.

Why Clinkers in Your Gas?

CLINKERS in coal give no heat and clog up furnaces. Likewise in gasoline, if gasoline vapors are completely at 425 degrees it is less "clinkers" than at 450 degrees. The all combustion point of Waverly Gasoline is around 400.

Indications of "clinkers" are starting difficulty, carbonizing, knocking and diluting of crank case oil.

Look for the Waverly sign when you need gas. "All-Penny-winning" means less clinkers because "Waverly" means the same thing. Know the pleasure and economy of better motor fuel.

Chapter IV.
"You wouldn't like all of this," smiled Ames reminiscently. "I wonder why it is that the older the civilization the worse the sanitation."

Probably for the same reason you find it that we in our old-fashioned ways, answered Janet Staunbury with a little curl at the corner of her lip. "I believe sanitation is a recent whim isn't it?"

"There is always sunshine at Pompeii," laughed "Mother" Dill, who wore her gray hair in an old-fashioned manner. "I wonder how it is that the older the civilization the worse the sanitation."

"You must visit Pompeii," urged Ames. "Neither words nor pictures can ever give you the full meaning of the ruins of that ancient city. It is a most interesting and instructive place."

"I know how poor I am," the doctor lamented. "I have no money to go to Pompeii. I have no money to go to Pompeii. I have no money to go to Pompeii."

"I believe you could pondered Ames and for the first time, he found the eyes of Janet Staunbury fixed on him without the expression which he had noticed in the majority of his patients.

"Oh, do you suppose I could," he replied. "I could not sell enough in a hundred years to send us to Europe."

"I believe you could pondered Ames and for the first time, he found the eyes of Janet Staunbury fixed on him without the expression which he had noticed in the majority of his patients.
